A motion was made by Ald. Kennell, seconded by Ald. Miller to approve the following:

1. **Minutes:** Police & Fire of 5/8; Public Works of 5/8; Finance of 5/8; Special Council of 5/8; Regular Council of 5/8 (abridged & unabridged); Joint Police & Fire and Finance of 5/8; Special Council of 5/18 (abridged & unabridged); Finance of 6/1; and Board of Review of 6/5
2. **From Public Works of 06/12:**
 - A. Not purchasing decorative trash cans for Main Street at this time; instead keep the green trash carts, currently provided and serviced by Republic Services, in place; and to draft an ordinance regulating the dumping of household trash in the cans on Main Street.
 - B. Removal of trash from decorative cans – continue to have Republic Services empty the green trash carts currently in place on Main Street.
 - C. Wastewater Treatment Plant – Seepage Cell #4 upgrade attempting to remove nitrogen from the soil: approve the hiring of Thompson’s Sand & Gravel to remove the rock from the bottom of seepage cell #4 (estimated to cost less than \$1,000); and the hiring of Wings to Whitetails Conservation to plant corn and forest chicory grass (estimated to cost less than \$1,000).
 - D. Resolution No. 17-05: Wastewater Treatment Plant Compliance Maintenance Annual Report, as read by Attorney Kelsey.

RESOLUTION NO. 17-05
 COMPLIANCE MAINTENANCE ANNUAL REPORT

Be it hereby resolved that the City of Hayward informs the Department of Natural Resources that the following actions have been set forth by the Common Council of the City of Hayward:

1. Review of the 2016 Compliance Maintenance Annual Report (CMAR).
2. Address the groundwater quality issue:
 - A. The City has revised and updated its Land Management Plan to include the effluent distribution of the spray irrigation site and nitrogen removal in seepage cell #4; the expectation is that this will reduce the total nitrogen in the ground water.
 - B. The City of Hayward will also continue to pursue alternative nitrogen reduction treatment options.
 - C. Groundwater samples will continue to be taken from various monitoring wells and analyzed on a quarterly basis.
- E. Not replacing the sewer main & blacktop in the alley behind FranMar Apartments at this time.
- F. The repair of sewer main / man holes along Wittwer Avenue for an estimated cost of less than \$10,000.

- G. Information Only. Future development needs. The Donnellan family will be selling lots along Railroad Street. Sewer is currently available; however, water main will need to be installed. Installation of the water main is estimated to cost approximately \$10,000; blacktop is estimated to cost approximately \$16,500.
- H. Extending the sewer main approximately 150 feet along Guard Street for an estimated cost of \$5,000; extending and looping the water main approximately 600 feet along Guard Street for an approximate cost of \$10,000; the special assessment of half the cost of the water main extension and the entire cost of the sewer main extension to Joshua Yoder. Total project cost not to exceed \$15,000. (Resolution No. 17-06: Yoder Special Assessment will be placed on a future agenda for approval.)

3. From Police & Fire of 06/12:

- A. The COPS grant program will pay 75% of the costs associated with an officer position for up to three years. The City would be required to pay 25% of the costs associated with the officer position. Chief Clapero will continue to research the possibility of obtaining a COPS grant to fund an additional officer position.
- B. Chief Clapero stated that \$8492.80 in forfeiture money was used to purchase four radar units. The department will be responsible for the costs associated with the installation of each of the radar units.
- C. Chief Clapero was looking for advice regarding the release of reports. The release of a report, before a case is closed, should be decided on a case by case basis. When a question arises, the department should seek advice from Attorney Kelsey regarding the release of a report.
- D. Chief Clapero stated that the reason the squad cars are left running while unattended is to protect the computers and other equipment kept in the vehicles. A technician informed Chief Clapero that the interior of the vehicles should remain between 60 and 80 degrees to keep the equipment operating properly.
- E. Chief Clapero stated that he and the entire department have been overwhelmed with the support shown by the community in the wake of Officer Glaze's shooting. Chief Clapero and the other department members would like to show their gratitude by giving back and becoming more involved with community events and activities.
- F. The Lake Superior Chapter of the Safari Club made a \$500 donation to the police department; the funds will be used to support community activities and programs.
- G. The purchase five pedestrian crossing signs; the money needed to purchase the pedestrian crossing signs is to come from room tax revenue.

4. From Finance of 06/12:

- A. The payment of City General Fund checks numbered 30668 through 30760; Water & Sewer Fund checks numbered 9853 through 9879; and the May account transfers.
